Students have been notified of any information they may need prior to the event. The booster sessions are designed to improve your son's/daughter's current revision techniques/knowledge in their subject areas, and to prepare them for their GCSE's. We will be providing support in areas of weakness, small-group, opportunities for exam practice and plenty of revision. Any rule breaking will result in the student being sent home, which will also appear as a sanction in their school files.

This booster session is compulsory based on the current attainment and therefore will support your child to meet or exceed their targets. There is a cost for this event which includes lunch, tutoring. However, the school will fund the program and require a symbolic payment of £30 from students.
