

4th January 2017

Dear Parent/Guardian,

RE: Science KS4 Textbooks

We would like to inform you of the KS4 Science text books which will be used for the three sciences and we also are expecting your son/daughter to bring the required text books every lesson.

During this academic year your son/daughter will be using the OCR Gateway B CGP Revision guide, and GCSE CGP exam practice Workbook. Purchasing the necessary books will allow students to study at home, highlight key scientific concepts and make references for revision. We will also be using handouts and past exam booklets to cover all key concepts required to achieve high grades. They can buy the text books from their science teachers ;

1. Chemistry Revision guide book £5.95, chemistry workbook £4.95
2. Biology Revision guide book £5.95, biology workbook £4.95
3. Physics Revision guide book £5.95, physics workbook £4.95

We will only have a limited number of books to sell so please make sure to send the money to the school by 7th of January.

We kindly request the students to equip themselves with the following:

- Black and green pen (for self/peer-marking)
- Pencil, sharpener, rubber and ruler (graphs/tables/diagrams)
- Highlighter (important keywords and facts)
- Yellow A4 exercise book (will be provided by the school)

It is compulsory that our Key Stage 4 (KS4) students have the relevant equipment to use in class. If your son/daughter repeatedly arrives to Science lessons unprepared, the designated behaviour sanctions will be used. It would be very helpful if you could make sure your son/daughter is properly equipped at the start of each school day.

Should you have any further questions please do not hesitate to contact us.

Many thanks for your support.

Yours sincerely,
Ms S. Elfons
Science Department
