

This article will explain the different forms of communication parents will have to our school. This will present you with a guide on how you can access their child’s student forms, classes and speak with teachers for the different classes taken by the student. Data such as attendance and report cards will be accessible on these platforms so parents can check how well their child is doing thought the course of the year.

Communication

At North London Grammar School, we have three main communications systems in addition to telephone calls, emails, meetings and home visits.

- **KSM – School Companion**
- **Parent Mail**

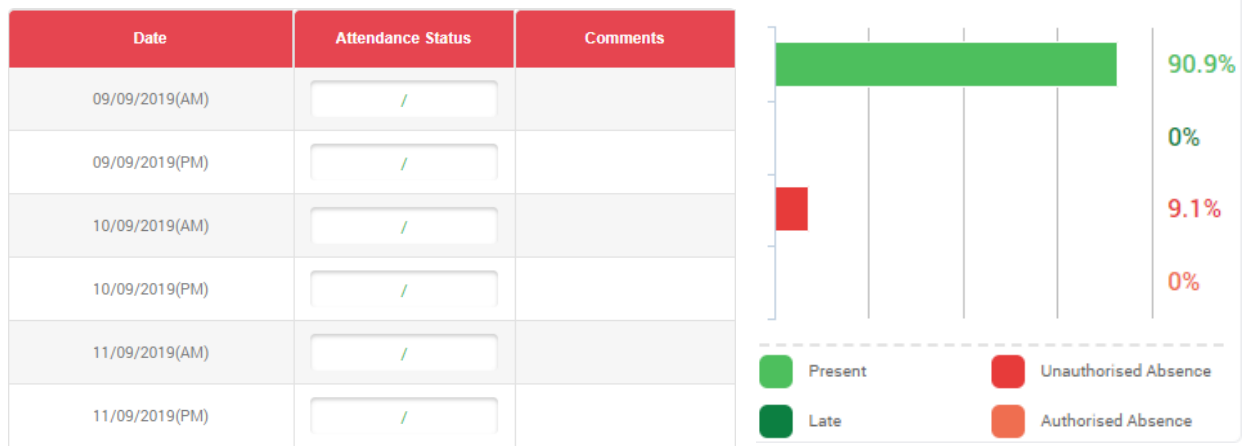

KSM - School Companion

Our Management Information System (MIS) is KSM – School Companion.

On KSM you can access the following:

- **My Account** - Key Contact Information including Emergency Contact Details
- **Attendance** – Compulsory Attendance Records and Attendance Overview. Please see the Attendance Policy on the school website for further information on the role of attendance in your child’s academic career.

- **Behaviour Records** - Provides real time information about reward and sanction points. Please see the Behaviour Policy on the school website for further information on rewards and sanctions.
