## 1. Aims

North London Grammar School believes that every child deserves the best; the highest quality learning and care, and a culture that embraces respect, tolerance and trust. Our aim, quite simply, is to enable every one of our students to grow into responsible and fulfilled adults with the skills, qualifications and confidence to shape their futures. The school expects all students to be a credit to themselves, their families and the school.

Students should take pride in themselves and treat others in the community with respect. The school's aim is to provide a high-quality learning environment that maximises the abilities of each student within the school. Excellence, trust and tolerance are fundamental values expected from all involved within the school.

Our Policy aims to:

- Create a positive culture that promotes excellent behaviour, ensuring that all pupils have the opportunity to learn in a calm, safe and supportive environment
- Establish a whole-school approach to maintaining high standards of behaviour that reflect the values of the school
- Outline the expectations and consequences of behaviour
- Provide a consistent approach to behaviour management that is applied equally to all pupils including boarding students
- Define what we consider to be unacceptable behaviour, including bullying and discrimination
- Create a safe environment where pupils can learn and reach their full potential
- Our early years (EYFS) behaviour is managed through restorative work, with age-appropriate expectations displayed in the classroom

### School Principles

All members of the school community are expected to behave respectfully towards others. Students should work to maximise their own abilities and to behave in such a way that allows others to work and learn and feel safe. The school will keep all students safe, happy and able to learn and will enable staff to teach and promote learning effectively. The school will ensure that all incidents are dealt with thoroughly and fairly.

This Behaviour Policy is developed in line with the statutory requirements of the **Early Years Foundation Stage Framework**, as set out under the **Childcare Act 2006**. It also reflects duties placed upon us by the **Children Acts 1989 & 2004**, the **Education and Inspections Act 2006**, and the **Equality Act 2010**.

## 2. Legislation, statutory requirements and statutory guidance

This policy is based on legislation and advice from the Department for Education (DfE) on:

- [Behaviour in schools: advice for headteachers and school staff 2024](#)
- [Searching, screening and confiscation: advice for schools 2022](#)
- [The Equality Act 2010](#)
- [Keeping Children Safe in Education](#)
- [Suspension and permanent exclusion from maintained schools, academies and pupil referral units in England, including pupil movement](#)
- [Use of reasonable force in schools](#)
- [Supporting pupils with medical conditions at school](#)
- [Special Educational Needs and Disability \(SEND\) Code of Practice](#)
- [Sharing nudes and semi-nudes: advice for education settings working with children and young people](#)

➤ [Early years foundation stage \(EYFS\) Statutory framework 2025](#)

In addition, this policy is based on:

- Section 175 of the [Education Act 2002](#), which outlines a school's duty to safeguard and promote the welfare of its pupils
  - Sections 88 to 94 of the [Education and Inspections Act 2006](#), which requires schools to regulate pupils' behaviour and publish a behaviour policy and written statement of behaviour principles, and give schools the authority to confiscate pupils' property
  - [DfE guidance](#) explaining that maintained schools must publish their behaviour policy online
- Schedule 1 of the [Education \(Independent School Standards\) Regulations 2014](#); paragraph 7 outlines a school's duty to safeguard and promote the welfare of children, paragraph 9 requires the school to have a written behaviour policy, and paragraph 10 requires the school to have an anti-bullying strategy.

## 4. Bullying

**Bullying** is defined as the repetitive, intentional harming of 1 person or group by another person or group, where the relationship involves an imbalance of power.

Bullying is, therefore:

- Deliberately hurtful
- Repeated, often over a period of time
- Difficult to defend against

Bullying can include:

TYPE OF BULLYING	DEFINITION
Emotional	Being unfriendly, excluding, tormenting
Physical	Hitting, kicking, pushing, taking another's belongings, any use of violence
Prejudice-based and discriminatory, including: <ul style="list-style-type: none"> <li>• Racial</li> <li>• Faith-based</li> <li>• Gendered (sexist)</li> <li>• Homophobic/biphobic</li> <li>• Transphobic</li> <li>• Disability-based</li> </ul>	Taunts, gestures, graffiti or physical abuse focused on a particular characteristic (e.g. gender, race, sexuality)
Sexual	Explicit sexual remarks, display of sexual material, sexual gestures, unwanted physical attention, comments about sexual reputation or performance, sharing of nude or semi-nude images and/or videos (including pseudo-images, which are computer-generated images that otherwise appear to be a photograph or video), or inappropriate touching
Direct or indirect verbal	Name-calling, sarcasm, spreading rumours, teasing
Cyber-bullying	Bullying that takes place online, such as through social networking sites, messaging apps, gaming sites, devices or via images, audio, video, or written content generated by artificial intelligence (AI)

At North London Grammar School we believe that:

- Children and young people should never experience abuse of any kind
- We have a responsibility to promote the welfare of all children and young people, to keep them safe and operate in a way that protects them.
- We have a zero tolerance approach to cyber bullying issues, all staff challenge any abusive behaviour between pupils that comes to their notice and will report it to the DSL.

We recognize that:

- Bullying causes real distress and affects a person's health and development. In some instances, bullying can cause significant harm
- All children, regardless of age, disability, gender reassignment, race, religion or belief, sex or sexual orientation, have the right to equal protection from all types of harm or abuse
- Everyone has a role to play in preventing all forms of bullying (including online) and putting a stop to bullying.
- Unlike at day schools, boarders who are being bullied (off line) cannot escape their bullies for long periods of time as they are not going home as often

We will seek to prevent bullying by:

- Developing a code of behaviour that sets out how everyone involved in our organisation is expected to behave, in face-to-face contact and online, and within and outside of our activities
- Holding regular discussions with staff, volunteers, children, young people and families who use our organisation about bullying and how to prevent it
- Providing support and training for all staff and volunteers on dealing with all forms of bullying, including racist, sexist, homophobic, transphobic and sexual bullying
- Challenge any abusive behaviour between pupils
- Putting clear and robust anti-bullying procedures in place including in the boarding house.

Our regular discussions with staff, volunteers, children, young people and families will focus on:

- Group members' responsibilities to look after one another and uphold the behaviour code
- Practising skills such as listening to each other
- Respecting the fact that we are all different Making sure that no one is without friends
- Dealing with problems in a positive way
- Checking that our anti-bullying measures are working well.

We recognise that Artificial Intelligence (AI) has many uses to help pupils learn, but may also have the potential to be used to bully others. For example, in the form of 'deepfakes', where AI is used to create images, audio or video hoaxes that look real. We will treat any use of AI to bully pupils in line with this policy.

### **Responding to bullying**

We will make sure our response to incidents of bullying takes into account:

- The needs of the person being bullied
- The needs of the person displaying bullying behaviour
- Needs of any bystanders
- Our organisation as a whole.

We will review the plan we have developed to address any incidents of bullying at regular intervals, in order to ensure that the problem has been resolved in the long term.

### **Diversity and Inclusion**

We recognise that bullying is closely related to how we respect and recognise the value of diversity. We will be proactive about:

- Seeking opportunities to learn about and celebrate difference
- Increasing diversity within our staff, volunteers, children and young people
- Welcoming new members to our organisation.

#### 4.1 Child-on-child abuse

**All** staff are aware that children can abuse other children and that it can happen both inside and outside of school and online. **All** are clear as to the school's policy and procedures with regard to child-on-child abuse and the important role they have to play in preventing it and responding where they believe a child may be at risk from it.

**All** staff understand that even if there are no reports in their school it does not mean it is not happening, it may be the case that it is just not being reported. As such it is important if staff have **any** concerns regarding child-on-child abuse they should speak to the DSL (or DDSL).

**All** staff understand the importance of challenging inappropriate behaviours between children, many of which are listed below, that are abusive in nature. Downplaying certain behaviours, for example dismissing sexual harassment as "just banter", "just having a laugh", "part of growing up" or "boys being boys" can lead to a culture of unacceptable behaviours, an unsafe environment for children and in worst case scenarios a culture that normalises abuse leading to children accepting it as normal and not coming forward to report it.

Child-on-child abuse is most likely to include, but may not be limited to:

- Bullying (including cyberbullying, prejudice-based and discriminatory bullying).
- abuse in intimate personal relationships between children (sometimes known as 'teenage relationship abuse')
- Physical abuse such as hitting, kicking, shaking, biting, hair pulling, or otherwise causing physical harm. (This may include an online element which facilitates, threatens and/or encourages physical abuse)
- Sexual violence, such as rape, assault by penetration and sexual assault. (This may include an online element which facilitates, threatens and/or encourages sexual violence)
- Sexual harassment, such as sexual comments, remarks, jokes and online sexual harassment, which may be stand-alone or part of a broader pattern of abuse.
- causing someone to engage in sexual activity without consent, such as forcing someone to strip, touch themselves sexually, or to engage in sexual activity with a third party
- consensual and non-consensual sharing of nude and semi-nude images and/or videos<sup>11</sup> (also known as sexting or youth produced sexual imagery)
- up skirting, which typically involves taking a picture under a person's clothing without their permission, with the intention of viewing their genitals or buttocks to obtain sexual gratification, or cause the victim humiliation, distress, or alarm, and
- initiation/hazing type violence and rituals (this could include activities involving harassment, abuse or humiliation used as a way of initiating a person into a group and may also include an online element).

In order to minimise the risk of child-on-child abuse the school:

- Provides a developmentally appropriate PSHE and RSE curriculum which develops pupils' understanding of acceptable behaviour and keeping themselves safe.
- Have systems in place for any student to raise concerns with staff, knowing that they will be listened to, believed and valued.
- Ensure victims, perpetrators and any other child affected by child-on-child abuse will be supported
- Develops robust risk assessments where appropriate (e.g., Using the Risk Assessment Management Plan and Safety and Support Plan tools).
- Have relevant policies in place (e.g., behaviour policy).

Where there is an allegation or concern that a child has abused others, see Barnet Safeguarding Children Partnership Procedures Manual, 'Children Who Abuse Others': [Child abuse | Barnet Council](#)

### **6.5 Mobile Phones**

Every student is assigned a personal Yondr Pouch. **Phones/wearable tech including smart watches and airpods are not to be used during school, they are to be kept locked in the student Yondr Pouch.**

- It is each student's responsibility to **bring their Pouch with them to school every day** and keep it in good working condition.

- Mobile phones must never be used to video, take photographs or sound recording at any time
- Communication devices must not be used for malicious intent that may cause harm to others

#### **Daily Process**

## **Beginning of the Day**

Students must bring their Pouch to school with them each day. Failure to comply will lead to a sanction. Refer to behaviour ladder.

## **School Entrance Model**

As students arrive to school they will:

- 1) Turn their phone off.
- 2) Open their Yondr Pouch by tapping against the Unlocking Base.
- 3) Place their phone/smart watch other devices inside the Pouch and secure them.

## **Forgotten Pouch**

If a student forgets their Pouch, **their phone will be collected by the form tutor and given to reception. They will send a sms home to remind the parent of the policy.** The phone will be returned to the student at dismissal, and a **C3 Head of Year Detention** will be issued by the form teacher. Consequent non adherence will escalate as on the behaviour ladder

## **Unlocking Stations**

If a student is found in possession of a Yondr unlocking station, or a similar strength magnet used to unlock the pouches, this will be considered a serious offence and will lead to a suspension of one day.

**Accidental Damage**

Parents must notify the school immediately explaining what happened. If any damage is spotted at a pouch check it will be considered intentional unless the student has raised it previously.

## **7. Responding to Behaviour**

### **7.1 Classroom Management**

Teaching and support staff are responsible for setting the tone and context for positive behaviour within the school.

They will:

- Create and maintain a stimulating environment that encourages pupils to be engaged
- Display the behaviour curriculum or their own classroom rules
- Develop a positive relationship with pupils, which include:
  - Greeting pupils in the morning/at the start of lessons
  - Establishing clear routines
  - Communicating expectations of behaviour in ways other than verbally
  - Highlighting and promoting good behaviour
  - Concluding the day positively and starting the next day afresh
  - Apply the behaviour ladder consistently
  - Using positive reinforcement

For our early years the consequences are immediate and relatively short. In the event that concerns are raised we will contact parents/carers and work with them to support their child's development.

### **7.2 Safeguarding**

- The school recognises that changes in behaviour may be an indicator that a pupil is in need of help or protection.
- We will consider whether a pupil's misbehaviour may be linked to them suffering, or being likely to suffer, significant harm.
- Where this may be the case, we will follow our child protection and safeguarding policy, and consider whether pastoral support, an early help intervention or a referral to children's social care is appropriate.

Please refer to our child protection and safeguarding policy for more information.

### **7.3 Responding to Good Behaviour**

When a pupil's behaviour including boarding meets or goes above and beyond the expected behaviour standard, staff will recognise it with positive recognition and reward. This provides an opportunity for all staff to reinforce the school's culture and ethos.

Positive reinforcements and rewards will be applied clearly and fairly to reinforce the routines, expectations and norms of the school's behaviour culture. (See rewards ladder).

Positive behaviour will be rewarded with:

- Verbal praise
- Merits
- Communicating praise to parents via a phone call or written correspondence
- Positions of responsibility, such as prefect status or being entrusted with a particular decision or project
- Fortnightly celebration assembly for highest merits with rewards such as certificates, breakfast treat, lunch with Head Of Year,
- End of term awards assembly celebrating success on merits, attendance and subjects, rewards include badges, certificates with occasional festive treats.

#### **7.4 Responding to Misbehaviour**

When a pupil's behaviour falls below the standard that can reasonably be expected of them, staff will respond in order to restore a calm and safe learning environment, and to prevent recurrence of misbehaviour.

Staff will endeavour to create a predictable environment by always challenging behaviour that falls short of the standards, and by responding in a consistent, fair and proportionate manner, so pupils know with certainty that misbehaviour will always be addressed.

De-escalation techniques can be used to help prevent further behaviour issues arising, such as the use of prearranged scripts and phrases.

All pupils will be treated equitably under the policy, with any factors that contributed to the behavioural incident identified and taken into account.

When giving behaviour sanctions, staff will also consider what support could be offered to a pupil to help them to meet behaviour standards in the future.

The school may use one or more of the following sanctions in response to unacceptable behaviour:

- A verbal reprimand and reminder of the expectations of behaviour
- Detention at lunchtime, or after school
- Putting a pupil 'on report'
- Loss of privileges – for instance, missing a school trip
- School-based community service, such as tidying a classroom
- Referring the pupil to a senior member of staff
- Letter or phone call home to parents
- Suspension

- Permanent exclusions, in the most serious of circumstances

Personal circumstances of the pupil will be taken into account when choosing sanctions and decisions will be made on a case-by-case basis, but with regard to the impact on perceived fairness.

In most cases the student will be asked to write an account of what happened using the school's student statement pro forma.

1. Minor offences are dealt with by the teacher concerned and should be recorded on Isams. Actions include reprimands, lunchtime detentions.
2. More serious offences may result in the teacher awarding an after-school detention with the Head of Year/members of SLT. The pupils, parents, the Form Tutor, Head of Year and SLT will be made aware by email. The event will be recorded in Isams. Heads of Year will monitor this. The students parents will receive an email the day before a detention is sat.

In the event that a student fails to attend a detention, parents will be sent an email alerting them of the missed detention, and the student will be automatically entered onto the next stage and available detention. The teacher who enters the student into detention should also note the student's attendance and consider escalating the sanction if the student cannot provide a suitable reason for the absence.

Heads of Year should also regularly monitor attendance rates in detention,

3. More serious offences, or repeated minor offences, may result in a yellow report. This sanction can only be issued by the Head of Year. The event will be recorded in the student's file on Isams. Parents will be made aware via email that the student is on Yellow Report and the targets set.
4. More serious offences, may result in a Red Report. This sanction can only be issued by the Head of Year in consultation with the Deputy Head. The event will be recorded in the student's file on ISAMS. Parents will be made aware via email that the student is on Red Report and the targets set.
5. Major sanctions are kept centrally, together with those for day pupils. The Head of Boarding will follow the boarding behaviour ladder and liaise with Heads of year to record it on isams. The boarding will also keep records of sanctions.
6. More serious offences still, or a further series of repeated serious offences, may result in fixed period suspension (exclusion) the number of days of suspension depending on the seriousness of the offence.

## **8. Exclusions**

Fixed term exclusion (suspension) and permanent exclusion are usually only considered after other significant interventions and support have been unsuccessful in assisting the student to make the necessary

improvements. Careful consideration is given in each circumstance as well as any special educational needs or if the child is in care.

However, some offences may lead to an immediate exclusion. These include:

- Assault, including sexual assault
- Vaping or smoking Possession of illegal drugs
- Abuse of alcohol in school
- Bringing weapons into school
- Behaving in a confrontational manner towards staff including the use of offensive language.
- Being violent and aggressive to other people, staff or students
- Behaving in a way which puts the health and safety of self and others at risk
- Deliberately damaging the building or equipment
- Stealing or attempting to steal
- Bullying
- Defiance and disobedience
- Racial abuse
- Persistent disruptive behaviour
- Inappropriate sexual behavior
- Committing a criminal act

This is an indicative, but not exhaustive list. There will be other special circumstances and events when exclusion will be used. In an emergency or where it is considered that a criminal offence may have been committed, the school will contact the police. Parents/carers will be contacted and invited to attend where it is appropriate for the police to speak to a child.

## **8.0 The Decision to Exclude**

The Headteacher decides on the basis of all the evidence available to him whether to exclude. However, there may be occasions when the Headteacher is absent from school and the Senior Leadership Team will then make the decision. The school investigates serious incidents with appropriate care and in adherence to best practice. Where there is a conflict of evidence or facts are in doubt, the decision to exclude will be based on the Headteacher's assessment of the 'balance of probabilities', the standard of proof required for exclusions to be lawful. The more serious the allegation, the more convincing the evidence needs to be. The pupil's view of events will be taken into account before deciding whether to suspend or exclude. Pupils will be given the opportunity to express their views - with the support of advocates (such as a parent or social worker), if needed - unless their age or understanding mean it's not appropriate to do so. Pupils will then be informed of how their

views were taken into consideration in reaching a decision. In every case students and parents/carers will be clearly and promptly advised why the exclusion has occurred and the timescale involved. The school will strive to make contact with parents and carers as soon as the decision to exclude has been reached. The written notification of the decision to exclude will include a letter from the Headteacher (or Senior Leaders in his absence) and the reasons for and the purpose of the fixed term exclusion. The written communication will be sent within 24 hours of the decision to exclude.

In addition, the school will comply with its legal requirements to make the governing body aware (for all permanent exclusions and suspensions of longer than five days), and in all cases, the Local Authority or home Local Authority of the pupil (as appropriate), the pupil's social worker (if they have one) or any LAC pupil's Virtual School Head. If the reason for exclusion requires further investigation then the initial exclusion may be extended pending the outcome of the investigation. Fixed term exclusion can be extended or changed to permanent exclusion as a result. Where a suspension or permanent exclusion should be cancelled, the relevant parties will also be notified (governing body, LA,) in addition to the pupil and parents.

### **8.1 Work Set During Exclusion**

Work will be provided (usually via teams) for the pupil to complete for the first five school days of any exclusion, with online assessment of this work. Where this is reasonably practicable, for any pupils who are LAC or have a social worker, the school will work with the LA to arrange alternative provision (AP) from the first day of suspension or exclusion.

### **8.2 Monitoring of Exclusions**

There is a statutory procedure for dealing with permanent exclusions and the Governing Body keeps under review the use of exclusion of students from the school. This is an item on the agenda of every Education Committee meeting. The Governing Body has delegated appropriate powers to the Education Committee who will:

- Analyse data for patterns, e.g. where a large number of pupils with specific characteristics are affected by pupil moves, and when this has happened
- Consider the cost implications of educating pupils off-site
- Review whether the data reflects that the school's behaviour policy is being implemented effectively and consistently
- Monitor interventions in place to support pupils at risk, to prevent suspensions and exclusions
- Analyse any variation in the rolling average of permanent exclusions to understand why it's happening and what can be done to prevent it

### **8.3 Reintegration After Fixed Term Exclusion**

Students are reintegrated into the school after a fixed term exclusion. This will involve the student and parents meeting with the Headteacher (or Deputy Headteacher) to discuss and clarify future expectations of behaviour. The school is committed to an approach that reflects the principles of restorative justice in the reintegration. The school will work with parents and students to create a reintegration strategy set out in an individual support programmes appropriate for each student's needs. The reintegration strategy will offer the student a fresh start and support their re-engagement in their learning and school life using a range of measures, with regular review by the pastoral team. The school will have regard to the pupil's SEND and/or health needs and will involve the SENCO, other agencies.

### **8.4 Types of Exclusion**

#### **1. Fixed period exclusions**

- 1 to 5 days

These exclusions are the least serious and are, therefore, the most common. The actual number of days will be decided in the light of the factors above. Parents have the responsibility to ensure their child is not present in a public place in school hours during this period.

- 6 days or more

Students can be excluded for 6 or more days for an offence if it is thought the incident is sufficiently serious. The school will provide full-time education.

No students will be excluded for more than 45 school days in one academic year.

#### **2. Permanent Exclusion**

This type of exclusion is normally the last resort and is employed when the Headteacher decides that it is in the best interests of the school and/or the student that the student no longer attends the School. However the Department for Education have made it clear in response to concerns raised by the Local Authorities (January 2000) that: The exception (in para 6.6. Chapter 10/99) that a Headteacher would not normally permanently exclude a pupil for a first offence would not rule out permanent exclusion for a first offence, for example using violence. The Headteacher will consider permanent exclusion as the appropriate sanction for single, most serious (one-off) offences, or for a repetition of very serious offences. Offences that would merit consideration as being most serious (one-off) offences further to investigation include:

- Serious actual or threatened violence towards a member of staff. Serious actual or threatened violence against another student.
- Sexual abuse, assault or harassment
- Possessing/Supplying an illegal drug or bringing such a substance into school.
- Carrying an offensive weapon or bringing it into school.

Very serious offences such that their repetition would give reason for consideration of permanent exclusion include those offences set out under the “When do we exclude” section of this policy. This is an indicative but not exhaustive list. There may be other special circumstances and events when permanent exclusion will be used. A meeting of the Governing Body’s Pupil Discipline Committee is arranged within 15 school days of the decision to permanently exclude and the exclusion is considered. Parents/ carers have the right to be present at this meeting, to bring representation with them, and to appeal against the Headteacher’s decision. The Panel will either uphold the Headteacher’s decision or direct the Headteacher to readmit the student. If the Governing Body declines to reinstate the excluded student, Parents/carers will be notified of this decision. Parents/carers have the right to appeal against this decision to an independent panel. No student who is excluded will be prevented from taking a public examination and special invigilation arrangements will be made if necessary. The Local Authority is required to provide full-time education from the sixth day of a permanent exclusion.

## 9. Reasonable Force

Reasonable force covers a range of interventions that involve physical contact with pupils. All members of staff have a duty to use reasonable force, in the following circumstances, to prevent a pupil from:

- Causing disorder
- Hurting themselves or others
- Damaging property
- Committing an offence

Incidents of reasonable force must:

- Always be used as a last resort
- Be applied using the minimum amount of force and for the minimum amount of time possible
- Be used in a way that maintains the safety and dignity of all concerned
- Never be used as a form of punishment
- Be recorded and reported to parents (see appendix 3 for a behaviour log)
- When considering using reasonable force, staff should, in considering the risks, carefully recognise any specific vulnerabilities of the pupil, including SEND, mental health needs or medical conditions

- Boarding students receive additional training in de-escalation techniques from the police in order to reduce the need for physical restraint

When considering using reasonable force, staff should, in considering the risks, carefully recognise any specific vulnerabilities of the pupil, including SEND, mental health needs or medical conditions.

### 9.1 The ban on corporal punishment.

(section 548 of the Education Act 1996 as amended by section 131, School Standards and Framework Act 1998)  
Corporal punishment is prohibited for all pupils as specified under Section 131 of the Schools Standards and Framework Act 1998. The prohibition includes the administration of corporal punishment to a pupil during any activity, whether or not within the school premises. The prohibition applies to all 'members of staff'. These include all those acting in loco parentis, such as unpaid, volunteer supervisors.

No unacceptable, excessive or idiosyncratic punishments **should be used by boarders or staff**, including any punishment intended to cause pain, anxiety or humiliation, corporal punishment, deprivation of access to food or drink, enforced eating or drinking, prevention of contact by telephone or letter with parents or any appropriate independent listener or helpline, requirement to wear distinctive clothing as a punishment (or night-clothes by day as a punishment), use or withholding of medical, optical or dental treatment, deprivation of sleep, fines exceeding two-thirds of the boarder's available pocket money provision, or locking in a room or area of a building.

## 10. Searching, screening and confiscation

Searching and confiscation is conducted in line with the DfE's [latest guidance on searching, screening and confiscation](#).

### 10.0 Confiscation

Searching, screening and confiscation is conducted in line with the DfE's latest guidance on searching, screening and confiscation.

Any prohibited items found in a pupil's possession as a result of a search will be confiscated.

These are:

- Knives or weapons
- Alcohol
- Illegal drugs
- Stolen items
- Tobacco and cigarette papers
- Vaping products
- Fireworks

- Pornographic images
- Mobile phones or devices with potentially inappropriate content
- Anything else banned by the school
- Any article a staff member reasonably suspects has been, or is likely to be, used to commit an offence, or to cause personal injury to, or damage to the property of, any person (including the pupil)

These items will not be returned to the pupil but can be handed back to the adult with responsibility for care of that student and the school will contact the relevant adult for this purpose. Staff will also confiscate any item that is harmful or detrimental to school discipline, such as mobile phones used inappropriately or jewellery. These items will be returned to pupils after discussion with the senior leadership team and parents, if appropriate. The school will not be held liable for damage to or loss of any confiscated items.

### 10.1 Searching a Pupil

Searches will only be carried out by a member of the Senior Leadership Team who has been authorised to do so by the headteacher, or by the headteacher themselves.

Subject to the exception below, the authorised member of staff carrying out the search will be of the same sex as the pupil, and there will be another member of staff present as a witness to the search.

An authorised member of staff of a different sex to the pupil can carry out a search without another member of staff as a witness if:

- The authorised member of staff carrying out the search reasonably believes there is risk that serious harm will be caused to a person if the search is not carried out as a matter of urgency; **and**
- In the time available, it is not reasonably practicable for the search to be carried out by a member of staff who is the same sex as the pupil; **or**
- It is not reasonably practicable for the search to be carried out in the presence of another member of staff

When an authorised member of staff conducts a search without a witness they should immediately report this to another member of staff, and ensure a written record of the search is kept.

If the authorised member of staff considers a search to be necessary, but is not required urgently, they will seek the advice of the headteacher, designated safeguarding lead (or deputy) or Director of Pastoral who may have more information about the pupil. During this time the pupil will be supervised and kept away from other pupils.

A search can be carried out if the authorised member of staff has reasonable grounds for suspecting that the pupil is in possession of a prohibited item or any item identified in the school rules for which a search can be made, or if the pupil has agreed.

An appropriate location for the search will be found. Where possible, this will be away from other pupils. The search will only take place on the school premises or where the member of staff has lawful control or charge of the pupil, for example on a school trip.

- Before carrying out a search the authorised member of staff will:
- Assess whether there is an urgent need for a search
- Assess whether not doing the search would put other pupils or staff at risk
- Consider whether the search would pose a safeguarding risk to the pupil
- Explain to the pupil why they are being searched
- Explain to the pupil what a search entails – e.g. I will ask you to turn out your pockets and remove your scarf
- Explain how and where the search will be carried out
- Give the pupil the opportunity to ask questions
- Seek the pupil's co-operation
- balance the right of boarders to privacy with the need for the school to search a boarder or his/her possessions with consent, when there is a strong reason to do so

If the pupil refuses to agree to a search, the member of staff can give an appropriate behaviour sanction.

If they still refuse to co-operate, the member of staff will contact the designated safeguarding lead (deputy) or the head teacher, to try and determine why the pupil is refusing to comply.

The authorised member of staff will then decide whether to use reasonable force to search the pupil. This decision will be made on a case-by-case basis, taking into consideration whether conducting the search will prevent the pupil harming themselves or others, damaging property or from causing disorder.

The authorised member of staff can use reasonable force to search for any prohibited items identified in section 3, but not to search for items that are only identified in the school rules.

The authorised member of staff may use a metal detector to assist with the search.

An authorised member of staff may search a pupil's outer clothing, pockets, possessions, desks or lockers. Outer clothing includes:

- Any item of clothing that is not worn immediately over a garment that is being worn wholly next to the skin or being worn as underwear (e.g. a jumper or jacket being worn over a t-shirt)
- Hats, scarves, gloves, shoes, boots

- The authorised member of staff will record that a search took place and what was found, if anything.

### **Searching pupils' possessions**

Possessions means any items that the pupil has or appears to have control of, including:

- Desks
- Lockers
- Bags

A pupil's possessions can be searched for any item if the pupil agrees to the search. If the pupil does not agree to the search, staff can still carry out a search for prohibited items (listed in section 3) and items identified in the school rules.

An authorised member of staff can search a pupil's possessions when the pupil and another member of staff are present.

If there is a serious risk of harm if the search is not conducted immediately, or it is not reasonably practicable to summon another member of staff, the search can be carried out by a single authorised member of staff.

### **Informing the designated safeguarding lead (DSL)**

The Senior Leader who carried out the search should inform the DSL without delay:

- Of any incidents where the member of staff had reasonable grounds to suspect a pupil was in possession of a prohibited item as listed in section 3
- If they believe that a search has revealed a safeguarding risk

All searches for prohibited items (listed in section 3), including incidents where no items were found, will be recorded in the school's safeguarding system.

### **Informing Parents**

Parents will always be informed of any search for a prohibited item (listed in section 3). A member of staff will tell the parents as soon as is reasonably practicable:

- What happened
- What was found, if anything
- What has been confiscated, if anything
- What action the school has taken, including any sanctions that have been applied to their child

### **Support After a Search**

Irrespective of whether any items are found as the result of any search, the school will consider whether the pupil may be suffering or likely to suffer harm and whether any specific support is needed (due to the reasons for the search, the search itself, or the outcome of the search).

If this is the case, staff will follow the school's safeguarding policy and speak to the designated safeguarding lead (DSL). The DSL will consider if pastoral support, an early help intervention or a referral to children's social care is appropriate.

## **11. Strip Searches**

The authorised member of staff's power to search outlined above does not enable them to conduct a strip search (removing more than the outer clothing) and strip searches on school premises shall only be carried out by police officers in accordance with the Police and Criminal Evidence Act 1984 (PACE) Code C.

Before calling the police into school, staff will assess and balance the risk of a potential strip search on the pupil's mental and physical wellbeing and the risk of not recovering the suspected item.

Staff will consider whether introducing the potential for a strip search through police involvement is absolutely necessary, and will always ensure that other appropriate, less invasive approaches have been exhausted first.

Once the police are on school premises, the decision on whether to conduct a strip search lies solely with them. The school will advocate for the safety and wellbeing of the pupil(s) involved. Staff retain a duty of care to the pupil involved and should advocate for pupil wellbeing at all times.

### **Communication and Record-Keeping**

Where reasonably possible and unless there is an immediate risk of harm, staff will contact at least 1 of the pupil's parents to inform them that the police are going to strip search the pupil before strip search takes place and ask them if they would like to come into school to act as the pupil's appropriate adult. If the school can't get in touch with the parents, or they aren't able to come into school to act as the appropriate adult, a member of staff can act as the appropriate adult (see below for the role of the appropriate adult).

The pupil's parents will always be informed by a staff member once a strip search has taken place. The school will keep records of strip searches that have been conducted on school premises, and monitor them for any trends that emerge.

### **Who will be Present**

For any strip search that involves exposure of intimate body parts, there will be at least 2 people present other than the pupil, except in urgent cases where there is risk of serious harm to the pupil or others.

One of these must be the appropriate adult, except if:

- The pupil explicitly states in the presence of an appropriate adult that they do not want an appropriate adult to be present during the search, and
- The appropriate adult agrees

If this is the case, a record will be made of the pupil's decision and it will be signed by the appropriate adult.

No more than 2 people other than the pupil and appropriate adult will be present, except in the most exceptional circumstances.

The appropriate adult will:

- Act to safeguard the rights, entitlement and welfare of the pupil
- Not be a police officer or otherwise associated with the police, Not be the headteacher
- Be of the same sex as the pupil, unless the pupil specifically requests an adult who is not of the same sex
- Except for an appropriate adult of a different sex if the pupil specifically requests it, no one of a different sex will be permitted to be present and the search will not be carried out anywhere where the pupil could be seen by anyone else.

### **Care After A Strip Search**

After any strip search, the pupil will be given appropriate support, irrespective of whether any suspected item is found. The pupil will also be given the opportunity to express their views about the strip search and the events surrounding it.

As with other searches, the school will consider whether the pupil may be suffering or likely to suffer harm and whether any further specific support is needed (due to the reasons for the search, the search itself, or the outcome of the search).

Staff will follow the school's safeguarding policy and speak to the designated safeguarding lead (DSL). The DSL will consider if, in addition to pastoral support, an early help intervention or a referral to children's social care is appropriate.

Any pupil(s) who have been strip searched more than once and/or groups of pupils who may be more likely to be subject to strip searching will be given particular consideration, and staff will consider any preventative approaches that can be taken.

## **12. Off-site Misbehaviour**

Sanctions may be applied where a pupil has misbehaved off-site when representing the school. This means misbehaviour when the pupil is:

- Taking part in any school-organised or school-related activity (e.g. school trips)
- Travelling to or from school
- Wearing school uniform

- In any other way identifiable as a pupil of our school

Sanctions may also be applied where a pupil has misbehaved off-site, at any time, whether or not the conditions above apply, if the misbehaviour:

- Could have repercussions for the orderly running of the school
- Poses a threat to another pupil
- Could adversely affect the reputation of the school

Sanctions will only be given out on school premises or elsewhere when the pupil is under the lawful control of a staff member (e.g. on a school-organised trip).

### **13. Online Misbehaviour**

The school can issue behaviour sanctions to pupils for online misbehaviour when:

- It poses a threat or causes harm to another pupil
- It could have repercussions for the orderly running of the school
- It adversely affects the reputation of the school
- The pupil is identifiable as a member of the school

Sanctions will only be given out on school premises or elsewhere when the pupil is under the lawful control of a staff member.

### **14. Suspected Criminal Behaviour**

If a pupil is suspected of criminal behaviour, the school will make an initial assessment of whether to report the incident to the police.

When establishing the facts, the school will endeavour to preserve any relevant evidence to hand over to the police.

If a decision is made to report the matter to the police, the headteacher or designated safeguarding lead will make the report.

The school will not interfere with any police action taken. However, the school may continue to follow its own investigation procedure and enforce sanctions, as long as it does not conflict with police action.

If a report to the police is made, the designated safeguarding lead (DSL) will make a tandem report to children's social care, if appropriate.

## **15. Zero-Tolerance Approach to Sexual Harassment And Sexual Violence**

The school will ensure that all incidents of sexual harassment and/or violence are met with a suitable response, and never ignored.

Pupils are encouraged to report anything that makes them uncomfortable, no matter how 'small' they feel it might be.

The school's response will be:

- Proportionate
- Considered
- Supportive
- Decided on a case-by-case basis

The school has procedures in place to respond to any allegations or concerns regarding a child's safety or wellbeing. These include clear processes for:

- Responding to a report
- Carrying out risk assessments, where appropriate, to help determine whether to:
  - Manage the incident internally
  - Refer to early help
  - Refer to children's social care
  - Report to the police

Please refer to our child protection and safeguarding policy for more information.

## **16. Malicious Allegations**

Where a pupil makes an allegation against a member of staff and that allegation is shown to have been deliberately invented or malicious, the school will consider whether to discipline the pupil in accordance with this policy.

Where a pupil makes an allegation of sexual violence or sexual harassment against another pupil and that allegation is shown to have been deliberately invented or malicious, the school will consider whether to discipline the pupil in accordance with this policy.

In all cases where an allegation is determined to be unsubstantiated, unfounded, false or malicious, the school (in collaboration with the local authority designated officer (LADO), where relevant) will consider whether the

pupil who made the allegation is in need of help, or the allegation may have been a cry for help. If so, a referral to children's social care may be appropriate.

The school will also consider the pastoral needs of staff and pupils accused of misconduct.

Please refer to our child protection and safeguarding policy for more information on responding to allegations of abuse against staff or other pupils.

## **17. Responding to misbehaviour from pupils with SEND**

### **17.1 Recognising The Impact Of Send On Behaviour**

The school recognises that pupils' behaviour may be impacted by a special educational need or disability (SEND).

When incidents of misbehaviour arise, we will consider them in relation to a pupil's SEND, although we recognise that not every incident of misbehaviour will be connected to their SEND. Decisions on whether a pupil's SEND had an impact on an incident of misbehaviour will be made on a case-by-case basis.

When dealing with misbehaviour from pupils with SEND, especially where their SEND affects their behaviour, the school will balance their legal duties when making decisions about enforcing the behaviour policy. The legal duties include:

- Taking reasonable steps to avoid causing any substantial disadvantage to a disabled pupil caused by the school's policies or practices ([Equality Act 2010](#))
- Using our best endeavours to meet the needs of pupils with SEND ([Children and Families Act 2014](#))
- If a pupil has an education, health and care (EHC) plan, the provisions set out in that plan must be secured and the school must co-operate with the local authority and other bodies

As part of meeting these duties, the school will anticipate, as far as possible, all likely triggers of misbehaviour, and put in place support to prevent these from occurring.

Any preventative measures will take into account the specific circumstances and requirements of the pupil concerned.

Anticipating and removing triggers of misbehaviour may include:

- Short, planned movement breaks for a pupil with SEND who finds it difficult to sit still for long Adjusting seating plans to allow a pupil with visual or hearing impairment to sit in sight of the teacher Adjusting uniform requirements for a pupil with sensory issues or who has severe eczema
- Training for staff in understanding conditions such as autism - Use of separation spaces where pupils can regulate their emotions during a moment of sensory overload

## **17.2 Adapting Sanctions For Pupils with SEND**

When considering a behavioural sanction for a pupil with SEND, the school will take into account:

- Whether the pupil was unable to understand the rule or instruction?
- Whether the pupil was unable to act differently at the time as a result of their SEND? Whether the pupil is likely to behave aggressively due to their particular SEND?

If the answer to any of these questions is yes, it may be unlawful for the school to sanction the pupil for the behaviour.

The school will then assess if it is appropriate to use a sanction and if so, whether any reasonable adjustments need to be made to the sanction.

## **17.3 Considering Whether a Pupil Displaying Challenging Behaviour May Have Unidentified SEND**

The school's special educational needs co-ordinator (SENCO) may evaluate a pupil who exhibits challenging behaviour to determine whether they have any underlying needs that are not currently being met.

Where necessary, support and advice will also be sought from specialist teachers, an educational psychologist, medical practitioners and/or others, to identify or support specific needs.

When acute needs are identified in a pupil, we will liaise with external agencies and plan support programmes for that child. We will work with parents to create the plan and review it on a regular basis.

## **17.4 Pupils with An Education, Health and Care (EHC) plan**

The provisions set out in the EHC plan must be secured and the school will co-operate with the local authority and other bodies.

If the school has a concern about the behaviour of a pupil with an EHC plan, it will make contact with the local authority to discuss the issue. If appropriate, the school may request an emergency review of the EHC plan.

## **18. Supporting pupils following a sanction**

Following a sanction, the school will consider strategies to help pupils to understand how to improve their behaviour and meet the expectations of the school.

This could include measures like:

- Reintegration meetings
- Daily contact with the Heads of Year/Director of Pastoral
- A report card with personalised behaviour goals

- Regular meetings with the school mentor

## **19. Pupil transition**

### **19.1 Inducting Incoming Pupils**

The school will support incoming pupils to meet behaviour standards by offering an induction process to familiarise them with the behaviour policy and the wider school culture.

### **19.2 Preparing Outgoing Pupils for Transition**

To ensure a smooth transition to the next year, pupils have transition sessions with their new teacher(s). In addition, staff members hold transition meetings.

All staff are given access to the transition document prepared by previous years form teachers which give them an insight to the pupils in their class and forms.

Heads of year use the transition document to familiarize themselves with the students and promote their interests by liaising with form teachers to encourage students to engage in clubs and extra-curricular activities, careers events etc

To ensure behaviour is continually monitored and the right support is in place, information related to pupil behaviour issues may be transferred to relevant staff at the start of the term or year.

Transition data is also used to identify students that would have been attending student services for mentoring, organizational skills, anxiety, stress or a range of other needs

## **20. Training**

As part of their induction process, our staff are provided with regular training on managing behaviour, including training on:

- The proper use of restraint
- The needs of the pupils at the school
- How SEND and mental health needs impact behaviour
- Behaviour Management

Behaviour management will also form part of continuing professional development, this includes how to use the behaviour ladder effectively, how to log sanctions and when to contact parent and external agencies. Resources provided include think sheets, reflection logs and reports. Referrals can be made to student services for personalised support.

## **21. Monitoring arrangements**

### **21.1 Monitoring and Evaluating School Behaviour**

The school will collect data on the following:

- Attendance, permanent exclusion and suspension
- Use of pupil support units, off-site directions and managed moves
- Incidents of searching, screening and confiscation
- Anonymous surveys for staff, pupils, governors, trustees and other stakeholders on their perceptions and experiences of the school behaviour culture

The data will be analysed by the Director of Pastoral on a termly basis and reviewed by the governors at their Education Committee meetings.

The data will be analysed from a variety of perspectives including:

- At school level
- By age group
- At the level of individual members of staff
- By time of day/week/term
- By protected characteristic

The school will use the results of this analysis to make sure it is meeting its duties under the Equality Act 2010. If any trends or disparities between groups of pupils are identified by this analysis, the school will review its policies to tackle it.

## **22. Monitoring This Policy**

This behaviour policy will be reviewed by the headteacher and the governing body at least annually, or more frequently, if needed, to address findings from the regular monitoring of the behaviour data (as per section 13.1). At each review, the policy will be approved by the full governing body.

## **23. Links With Other Policies**

This behaviour policy is linked to the following policies:

- Child protection and safeguarding policy
- Online Safety Policy
- Learner Agreements

### Guidelines for Writing Statements for Behavioural Incidents

At North London Prep School, it is essential to maintain a fair and effective behaviour system that encourages responsibility and growth among our pupils. When incidents occur, it is important to obtain written statements from all individuals involved. These statements help us understand the situation better and provide an opportunity for reflection and learning. Here are some guidelines for writing statements, especially from the perpetrators of incidents:

1. **Offer Support:** If a child feels nervous or unsure about writing a statement, offer assistance and reassurance. Let them know that writing the statement is a chance to express their perspective and understand the situation better.
2. **In the Child's Own Words:** Encourage the child to write the statement in their own words. This allows them to express themselves honestly and helps us gain insight into their perspective. Avoid imposing a specific format or language on them.
3. **Factual Details:** Encourage the child to provide factual details about the incident. What happened, where it happened, who was involved, and any relevant timeline of events should be included.
4. **Witnessed by a Teacher or Staff Member:** If the incident was witnessed by a teacher or staff member, it is crucial to mention this in the statement, including their names. This adds credibility and can provide an unbiased account of the incident.
5. **Clarity and Honesty:** Stress the importance of being clear and honest in the statement. Emphasize that the purpose of the statement is not to assign blame but to understand what happened and why.
6. **Feelings and Emotions:** Invite the child to express their feelings and emotions about the incident. Understanding their emotional state can help us provide appropriate support and guidance.
7. **Encourage Reflection:** Ask the child to reflect on their actions and their impact on others. This promotes self-awareness and personal growth.
8. **Respect and Privacy:** Ensure that the child's privacy and confidentiality are maintained. Statements are intended for school use and should not be shared indiscriminately.
9. **No Pressure:** Do not pressure the child to write the statement quickly. Give them the time and space they need to gather their thoughts and feelings.
10. **Review and Discussion:** After the statement is written, consider reviewing it with the child to clarify any points or address any concerns. This can be an opportunity for a constructive conversation about the incident.
11. **Use for Resolution:** Use the statements as a tool for resolving incidents and guiding appropriate interventions or consequences. They should contribute to a fair and just resolution process.

Remember that the ultimate goal of obtaining statements is to promote positive behaviour and growth in our students. By following these guidelines, we can ensure that the process is respectful, educational, and supportive.
